Muhammad Maqsood

The world having shrunk into a global village, residents everywhere require greater luxuries for their living. Rehbar Housing Society is an answer to the growing demand for global standards in the dynamic and bustling city of Rawalpindi.

Since 1998, we, at Kashmir Builders & Developers, have always believed in delivering our best to our clients and have fully kept all our promises in every project and undertaking. Building on the same glorious tradition, we have envisioned the Rehbar Housing Society as an accessible, modern and secure community at par with the best housing societies in Rawalpindi, both location and facility wise.

Ideally located on the Main Chakri Road, Rehbar Housing Society offers modern community living aplenty with contemporary facilities. These include parks, school, hospital, mosque and commercial areas, all connected by wide main avenues, green areas, and paved streets. Within this modern and smart community, the infrastructure being built is all state-of-the-art including the wide roads, sewerage system, electrification, and gas supply.

I am extremely pleased to see Rehbar Housing Society fast emerge into a reality, and firmly believe that this will be a place where you can truly live, and which you can proudly call your home in the heart of Rawalpindi.

Message from the

Rehbar Housing Society is a development project that is very personal and close to my heart. I have been keenly involved in master-planning it into a wonderful community of the twin cities of Rawalpindi and Islamabad. The meticulous urban design and the development works are all geared towards evolving this location into a splendid modern society.

Beyond its modern master plan, Rehbar Housing Society also promises to be your doorstep to the limitless opportunities of the twin cities of Rawalpindi and Islamabad.

Located just a few minutes drive from Rawalpindi Saddar, it is within 30 minutes drive from one of the most beautiful capitals in the world, Islamabad.

With this prized location comes the bonanza of opportunities for you to work in the twin cities and network with the corporate and socio-political elites of Pakistan, while you live your life at leisure at Rehbar Housing Society.

The main family park spanning 3.37 kanals adorns the community in addition to a smaller park in the center of the community. Several huge green spaces have been landscaped into the community for residents to spend their leisure at peace

Wide footpaths run along the main roads providing walking and strolling space, which besides being a convenience, serve as additional recreational facility for families residing within the Rehbar Housing Society.

The Rehbar Housing Society has its own community mosque to cater to the spiritual needs and peace of mind of the residents.

A 80 feet wide Central Avenue connects Rehbar Housing Society to the 110 feet wide Main Chakri Road, which further connects to GT Road. Internally, the sectors of the community are connected via 60, 44, 40 and 30 feet wide streets.
